# IMPORTANT INFORMATION ABOUT THE TOUR

## How far in advance should I book?

This train tour is an exclusive trip with very limited departures through the year. Consequently we strongly advise our clients to book as far in advance as possible to avoid disappointment. This particularly applies to the higher level cabins which there is strong demand for.

## Passports and Visas

All visitors to Malaysia must be in possession of a valid passport, with at least 6 months validity from the date of your return. It is the responsibility of each individual passenger to ensure that they are in possession of any necessary and valid visas and/or documentation. The company assumes no responsibility for the consequences of any failure to comply.

You should ensure you have at least 6 months validity left on your passport from your date of arrival. This applies to both adult and child passports. If you renewed a passport before it expired, extra months may have been added to your new passport's expiry date. Any extra months on your passport over 10 years may not count towards the 6 months that should be remaining for travel to most countries in Europe.

We recommend that all passport holders check with their national government agency for up-to-date information.

## Are your tours financially protected ?

Trips sold as packages to UK clients come with financial protection either through our ATOL if the trip includes a flight or insurances which comply with the UK package travel regulations for any trip that does not include a flight. In addition our ABTA membership means we must adhere to their strict code of conduct. Trips sold by us as an agent for train operator do not come with financial protection as even in the event of our insolvency your booking with the train operator would still exist and be honoured.

## What are the customs formalities between Singapore and Malaysia?

Customs regulations are in line with those prevailing elsewhere in the world, however, the importation of prohibited items carries serious penalties. In particular, the importation of narcotics into Malaysia and Singapore is treated very seriously. On conviction, the death penalty is still applied in certain cases.

During your journey, staff and agents of Eastern & Oriental Express will provide assistance to facilitate border formalities. You will be required to provide relevant information and hand over your passport at the appropriate times. Please note, however, that it is the responsibility of each individual passenger to ensure that they are in possession of the necessary and valid documentation. Eastern & Oriental Express assumes no responsibility for the consequences of any failure to comply.

At the Singaporean/Malaysian Customs and Immigration facility, the Eastern & Oriental train stops and passengers must disembark and pass through Customs and Immigration. Passengers must take all their hand baggage with them while their main luggage is removed for security screening procedures. Please ensure you allow sufficient time for these formalities when organizing your onward arrangements.

Passport and customs formalities take place at the border between Singapore and Malaysia. At Woodlands Checkpoint, passengers will clear the Singaporean exit by themselves. After they clear both immigration procedures, cabin stewards will collect passengers' passports and process the Malaysian Immigration formalities before returning them. On the way back, passports will be collected again to process the Malaysian Immigration formalities, before being returned to the passengers. Finally, passengers will cross the Singaporean border by themselves, once again.

## Will I need to tip the Eastern & Oriental Express staff?

Gratuities for staff and guides are at the passenger's discretion.

## What is my luggage allowance?

Luggage is limited to 30kg per person for Pullman and State Compartment passengers. For passengers travelling in a Presidential Suite, the allowance is 1 piece of luggage of 30kg per guest, plus 1 hand luggage. Space constraints require that luggage is limited, per passenger, to: one 30kg piece of hand luggage for Pullman and State compartments passengers. Guests travelling in the Presidential Suite are allowed to bring one 30kg luggage, plus one hand luggage (to be placed in your cabin). Please keep your tickets, passports and any medication with you; do not pack them in your through or compartment luggage. Please note, durian fruit must not be taken on board. We recommend that you label your luggage with a contact address, your hotel and your destination. It will be taken care of as follows:

### Through luggage:

We suggest that items not required for your journey are packed separately in a sturdy case. At check-in, this luggage will be labelled by our staff, after which it will not normally be accessible until you reach your destination. Ideally, large and/or hard cases should be checked in as through luggage.

### Compartment luggage :

This should contain clothing and items you need during your journey. When you plan your luggage, please bear in mind that storage space is limited. There is a luggage rack, plus an additional storage cupboard with hangers. One or two soft-sided suit carriers or similar can be comfortably accommodated in each compartment.

### Hand luggage :

Your passport, tickets, jewellery, money, camera, fragile items and any medication should be kept in your hand luggage and not checked in. We advise that you take out insurance to cover any loss or damage to your luggage, and recommend that all valuable items are kept in your cabin's safe.

## Will I need travel insurance?

We strongly recommend that you take out travel insurance as soon as you book your journey or holiday. If you have not already done so, we suggest you contact your travel agent or the Belmond Reservations Office in your home country to assist you.

## Do I need a health certificate?

No special health certificates are required, but you should request advice from your medical practitioner or travel specialist. Quarantine arrangements apply to travellers affected by yellow fever.
